Nature of activities	Period	Entity	Subject matter
4. Employment	05/1994 – current	<ul style="list-style-type: none"> – Radboud university medical center, Nijmegen, The Netherlands – Non-profit organization 	<p>Currently associate professor at the Department for Health Evidence. My research focuses on establishing the impact of cancer screening programmes, in particular screening for breast cancer. I have a special interest in observational research designs that can be used in this field of research. As a long-standing member of the National Evaluation Team for Breast Cancer Screening, I am also involved with the evaluation of the long-term benefits and harms of the Dutch nation-wide breast screening programme.</p>
	11/2007 – current	<ul style="list-style-type: none"> – Dutch Expert Centre for Screening (LRCB), Nijmegen, The Netherlands – Non-profit organization. 	<p>The Dutch Expert Centre for Screening (LRCB) aims to ensure and continuously improve the quality of screening. We want to ensure a high quality level of screening programmes and continuously improve the performance of the professionals involved and the necessary equipment. For this, we periodically monitor the medical content by medical audits and perform quality control measurements of the imaging systems.</p>
	06/1994 – 12/2004	<ul style="list-style-type: none"> – EUREF - European Reference Organisation for Quality Assured Breast Screening and Diagnostic Services – Non-profit organization 	<p>EUREF, the European Reference Organisation for Quality Assured Breast Screening and Diagnostic Services, is a pan European organisation, widely drawn from different Member States and is operated on a non-profit making basis. The goal of EUREF is to promote high quality mamma-care in Europe. EUREF commits itself to the development and dissemination of the European Guidelines, certification of breast services and mammography equipment, and training and will provide support and advice on such issues upon request.</p>

Nature of activities	Period	Entity	Subject matter
