Country tables

Donata Lerda

Healthcare Quality Team Leader
Unit F1 "Health in Society"

Why country tables?

- ECIBC is for you!
- No impact without implementation
- Towards implementation of recommendations
- Towards calls for BCSs for QA scheme piloting

Country Tables composition (1)

15 Tables

Of which 8 aggregating more countries

Twenty-seven countries represented

From 4 to 23 persons per table

1h and 15' total time (including these instructions...and coffee)

You have a document in the folder indicating where you should sit

Country Tables composition (2)

Country 1	# people (max)	Country 2	# people (max)	Country 3	# people (max)
Austria	4	Hungary	2		
Belgium	5				
Czech Republic	3	Slovakia	1	Poland	2
Estonia	2	Latvia	3		
Finland	6	Norway	3		
Germany	7				
Greece	4	Cyprus	1		

Country Tables composition (3)

Country 1	# people (max)	Country 2	# people (max)	Country 3	# people (max)
Ireland	2	Sweden	5	Denmark	1
Italy	23				
Portugal	3	Turkey	2	Romania	2
Slovenia	5	Rep. of Mac.	1		
Spain	11				
Switzerland	5				
The Netherlands	11				
United Kingdom	18	Malta	1		

Country Tables composition (4)

Representation of ministry/health authority and NABs is key
Role of patients and other stakeholders very important
You are not mandated to join, but very much welcome 😊, in particular if your country has a small representation

You will find your table thanks to the flag
You can check at the table if your name is on the list at the table
You'll enjoy some coffee and pastries (not meant to hinder the discussion ;-))

Country Tables material

1 factsheet on guidelines per person (derived by the call for feedback, but with per-country aggregated results) - **CONFIDENTIAL**

1 factsheet on QA scheme per person (derived by the call for feedback, but with per-country aggregated results) - **CONFIDENTIAL**

1 to 3 questionnaires per table (countries join in the discussion but then produce ONE QUESTIONNAIRE PER COUNTRY)

Your tasks at country Tables

In one hour

- i. Nominate rapporteur
- ii. Look at background information
- iii. Fill in the questionnaire:
 - start with the recommendations, but ensure you've the time to look also to the QA scheme part
 - Very important to **indicate stakeholders to be contacted**
- iv. Ask GDG/QASDG members and JRC staff in case you should need help

} 10
minutes

JRC task

- i. Be available and check if support is needed for the whole duration of the discussion
- ii. Collect all questionnaires
- iii. Brief Round Table participants before the session
- iv. Report results to Round Table to underpin discussion
- v. ...and, last but not at all the least,
- vi. **THANK YOU ALL!!!!!!!!!!!!!!**

Round Table

- No slide needed from you, just listen and then be ready to say your views
- The Round Table session's chair will guide you:
 - in considering results from the country tables, and
 - in expressing your views, *e.g.* on what EC/you can do to support implementation

And now...let's start!
